

Michael H. Cohen

Healthcare & FDA Attorney

Michael H. Cohen is an attorney, writer and futurist who counsels leaders in the health & wellness industry. He is a thought leader and keynote speaker on launching and growing innovative health & wellness businesses, while navigating legal and regulatory liability.

By combining his knowledge of legal strategy and technological innovation, he promotes business models that advance the future of medicine and humankind. From digital, mobile, wearable, and virtual reality, and other convergent, exponential technologies, to integrative and spiritual health, Michael H. Cohen is the Go To speaker for businesses and organizations bringing disruptive products and services to market.

“Michael is remarkable in convincingly communicating the legal complexities of integrative medicine under unique conditions in a humble, joyful and intelligent way.”

*~ Torkel Falkenberg, PhD,
Karolinska Institute & The Integrative Care Science Center (Sweden)*

“I heard Michael present the legal landscape of this very novel and unfamiliar area of health care to a ballroom filled with thought leaders from medical education and health care delivery systems, and was immediately impressed with his intellect and thoughtfulness.”

~ Karen E. Adams, MD, Oregon Health and Sciences University

“As a medical doctor and CEO of a digital healthcare startup I invited Michael to speak at Health 2.0 in Silicon Valley. Michael blew the audience away with his inspirational style, command of healthcare’s legal architecture, his passion for innovation and his vision for the future of healthcare.”

~ Paul Lee, MD, Cofounder of Curley
